What the 15-minute review covers

01 You walk me through how your review cycle runs today, or the result of a diagnostic you've taken on this site.

02 We pin down where it slips: standards, goals, rating bias or admin.

03 Where it's relevant, I show you how Revolut People handles that part, and we look at whether it's a fit. No pressure either way.

You leave with 3 specific fixes for your review cycle.
